YOUR STYLE YOUR SUITCASE

Want to add some colour to your life?

You have chosen the perfect suitcase to match your mood and your style; Suit My Case!

The suitcase that transforms every conveyorbelt into a suitcase runway. Just mix or match the front shell, back and wheelcaps with your favourite colours and create your own ideal travel companion.

We wish you a ton of fun with your own unique Suit My Case!

THE SUITCASE

Our suitcases are built for every journey you're about to take.

The suitcase shell is made from ABS with shark skin, which is superlight and scratch resistant.

The colourful mix and match collection has a super lightweight trolley system, 4 double wheels with 360° rotation, a luxurious inner structure and a strong tophandle.

The custom designed zipper puller can be locked in the combination lock on the side.

But what's inside? The suitcase has packing straps to keep your luggage into place and the inner lining has our distinctive bright orange color

Since it's cabin size, our suitcase is ideal for citytrips and other short stays.

THE COMPO NENTS

01. Front shell

You have selected your favorite colour for the front shell. Our front shells also have matching logoplates.

02. Back shell

The back is just as important as the front! The trolley system and combination lock are attached to the back shell.

03. Wheels

The wheels are packed in sets of 2 and always come in full black

04. Wheel caps

You can choose to upgrade your wheels with some colourful wheel caps. You need 2 caps per wheel (front & back) and they come in sets of 4 caps. This allows you to mix & match multiple colours.

SUIT YOUR CASE

First, make sure you have gathered all your suitcase ingredients.

- 1) Front shell
- 2) Back shell
- 3) 8 wheel caps (come per 4 pcs)
- 4) 4 wheels (come per 2 pcs)

Step 1 Zip shells together

Use the zipper puller to zip the front and back shell together.

Step 2 Snap on the wheelcaps

Snap the wheelcaps on to the outside profile of the wheels

Step 3 Attach the wheels

At the bottom of the suitcase you can click the wheels into the wheelhousing.

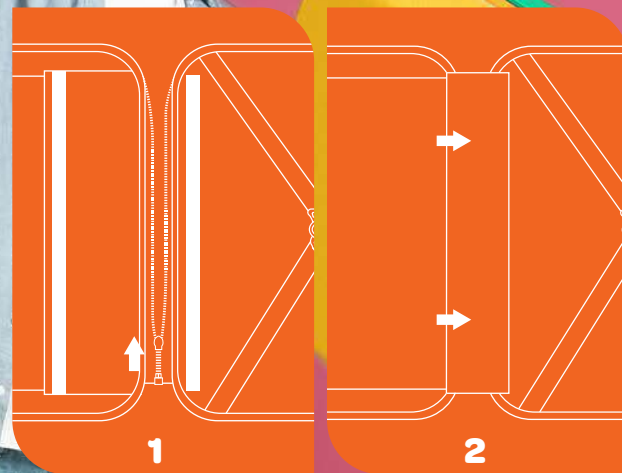

INSTRUCTION VIDEO

01. ZIP SHELLS TOGETHER

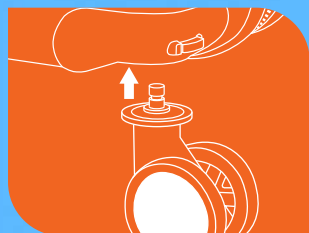

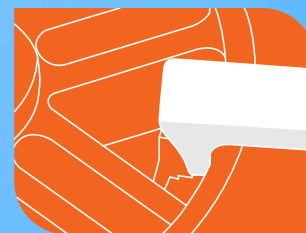

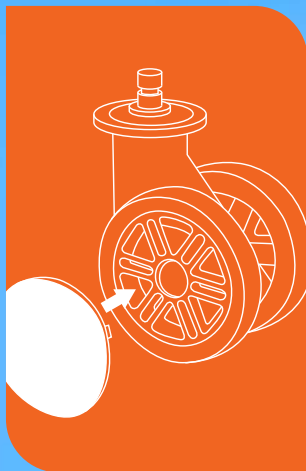

First things first. (1) Lay out your two shells onto a flat surface and zip them up like you would your jacket. (2) Zip it all the way up and fold the inside cover with velcro over to the other side.

02. SNAP ON THE WHEEL CAPS

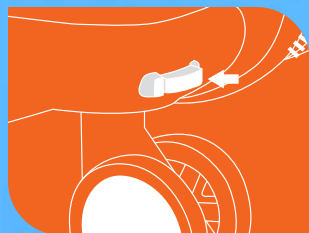

The devil is in the details. Grab those custom wheel caps, align the hooks on the back of the wheel cap with the openings on the wheel and snap them in place. You will hear a click once they are attached well.

If you want to switch colours later, you can easily remove them with the supplied *wheel cap tool* and snap on the new caps.

03. ATTACH THE WHEELS

Time to attach the wheels, so you don't have to carry your suitcase. Just press and hold the button in the wheels housing and pop the wheels in. When you hear a click, they are locked.

DETACH THE WHEELS

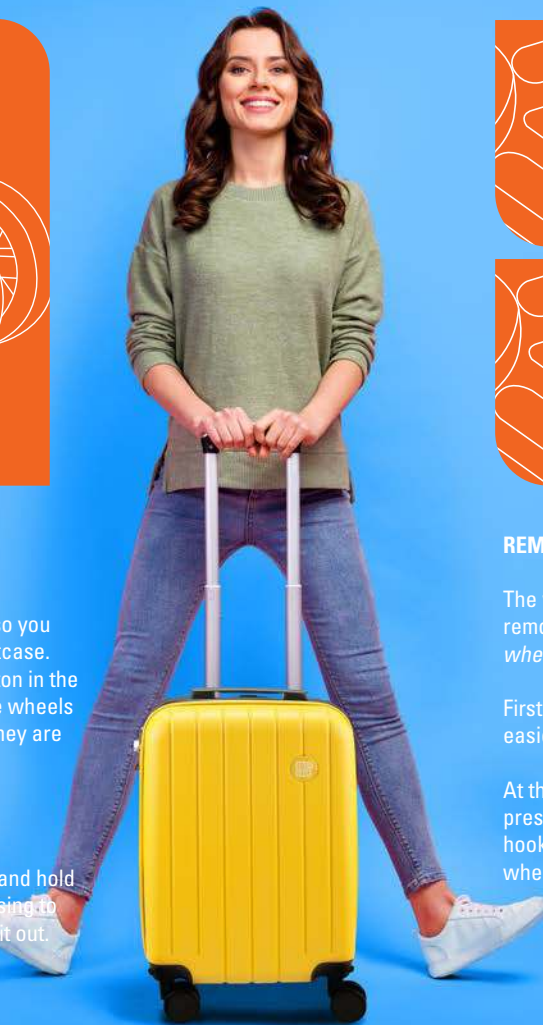

To detach the wheel, press and hold the button on the wheel housing to release the wheel and take it out.

REMOVE THE WHEELCAPS

The wheel caps can be removed by using the supplied *wheel cap tool*.

Firstly, detach the wheel so it's easier to access the wheelcaps

At the backside of the wheel, press the tool in between the hook of the wheelcap and the wheel and the hook will release.

BETTER SAFE THAN SORRY

Your brand new suitcase comes with an integrated lock and here's how to set your personal combination.

- 1) The lock is preset to 0-0-0
- 2) Push the button **A** in the direction of the arrow
- 3) While in this position, set each number **B** to your selection
- 4) Release the button and your number is now set
- 5) Take care when setting the numbers not to release the button.

Repeat the steps to reset the combination.

A NEW PAIR OF SHOES

Because all the Suit My Case suitcases consist of separate parts, it's also very easy to replace a single component when necessary.

This way you don't have to throw away the whole suitcase when an unfortunate accident has happened or if you just want a new flavour.

If you want to order a new parts, visit www.suitmycase.com.

Less hassle and less plastic waste.
Happy you, happy planet :)
